

Eczema Balm

.

Ingredients

East India Bay Leaf (*Cinnamomum tamala*), Nettle (*Urtica dioica*), organic avocado oil
Coconut & Shea Butter
Beeswax
Organic essential oils of Geranium

.

East Indian Bay Leaf (*Cinnamomum tamala*)::

antioxidant, anti-inflammatory, antimicrobial properties & immunomodulatory effect, thus benefits minor cuts & abrasions. And even aids in fastening the process of wound healing minor cuts/abrasions.

Made into a medicated oil, Tejpatta has shown to be useful for eczema-like skin disorders where the skin is dry and flaky.

Nettle (*Urtica dioica*)::

soothes irritation, itchiness, relieves bug bites, often is great preventative to bug bites esp. mosquitos when applied prior to exposure.

Organic essential oil of Geranium::

contains over 12 active ingredients that are anti-inflammatory and antimicrobial. Little is known, but some studies have shown to benefit eczema.

On emotional, mental spiritual level geranium is about love & trust. Restoring confidence in innate goodness others & world. Fosters receptivity to humxn love & connection, both family of origin & esp. birth parent & non gestational parent when trust in the relationship has been lost.

Gentle oil ideal for babies & children. Similar to Patchouli essential oil, Geranium nurtures the inner- child, & harmonizes in re- parenting this aspect of the Self. Meaning, leads us away from logical mind & centers us back to Heart.
