Mugwort
Usage

Supports postpartum time~ uterine healing as the uterine naturally contracts & pelvic healing at
all stages

Nourishing for menstrual cycle, heating, painful menstrual cycle
Benefits the emotional body by working through the subconscious

Actions::

- An emmenagogue, helps menstrual flow, especially if flow is slow, stagnant
- A sedative sleep aid, relieves stress, calms.

helps to relieve anger issues - it cools down inner rage

- Cools liver heat and relieve inflammation in the digestive system.

A bitter herb that stimulates liver and pancreas activity to produce digestive enzymes to break down the food eaten.

- Mineral rich aids to tonify the digestive system including the gallbladder, keeps things moving through the digestive system and kickstart the elimination of waste. Very helpful for people who are sedentary, mobility challenged, have poor appetite because of chemotherapy, etc.

- Mugwort Magic can transform soil poisoned by chemicals into good fertile soil, by taking in the poisons and transforming them into the basic building blocks of life.

- Removes toxins from the body via the skin. Some hydrotherapy facilities have mugwort baths for people to splash on the body before soaking or receiving a scrub.

Artemisia Siblings Motor Oil for topical use only. May be used internally via pelvis. Prior to any pelvic oiling, please contact me and I'd be happy to talk further about internal pelvic oiling.
